

# Maryland County Level Sub-Regional Curve Development

Session J

Reid Cook & Christine Pankow, PE

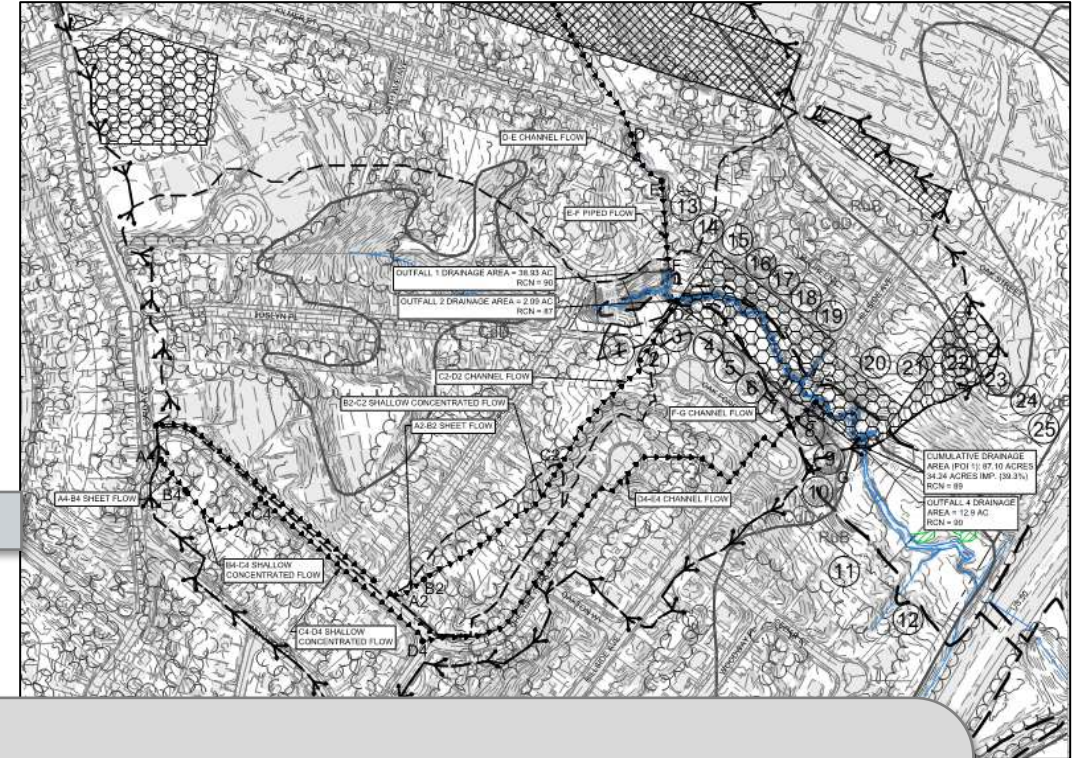

Proud sponsor & exhibitor  
Find us at booth #A25

# Agenda

- Project and Site Overview
- Sub-Regional Curve Development
- Urban Projects

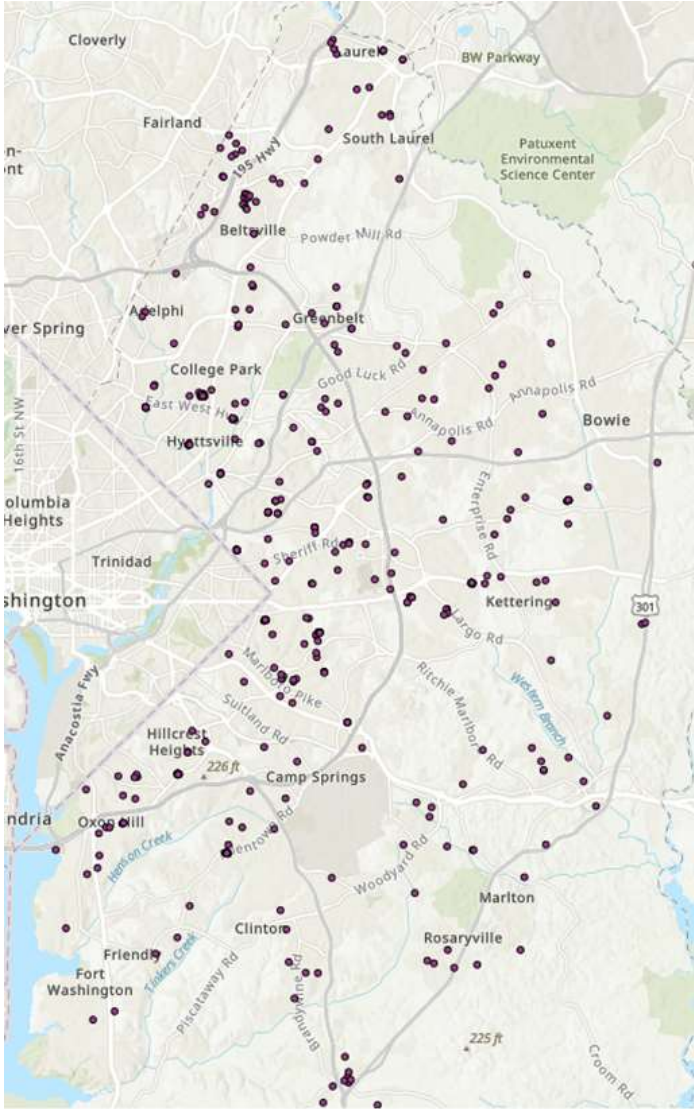

**The life of every river sings its own song, but in most the song is long marred by the discords of misuse.**

*- Aldo Leopold -*

# Clean Water Partnership

- Clean Water Partnership (CWP) is a Community Based Public Private Partnership
- Impact local economy through stormwater infrastructure improvements
- Targeted development and utilization

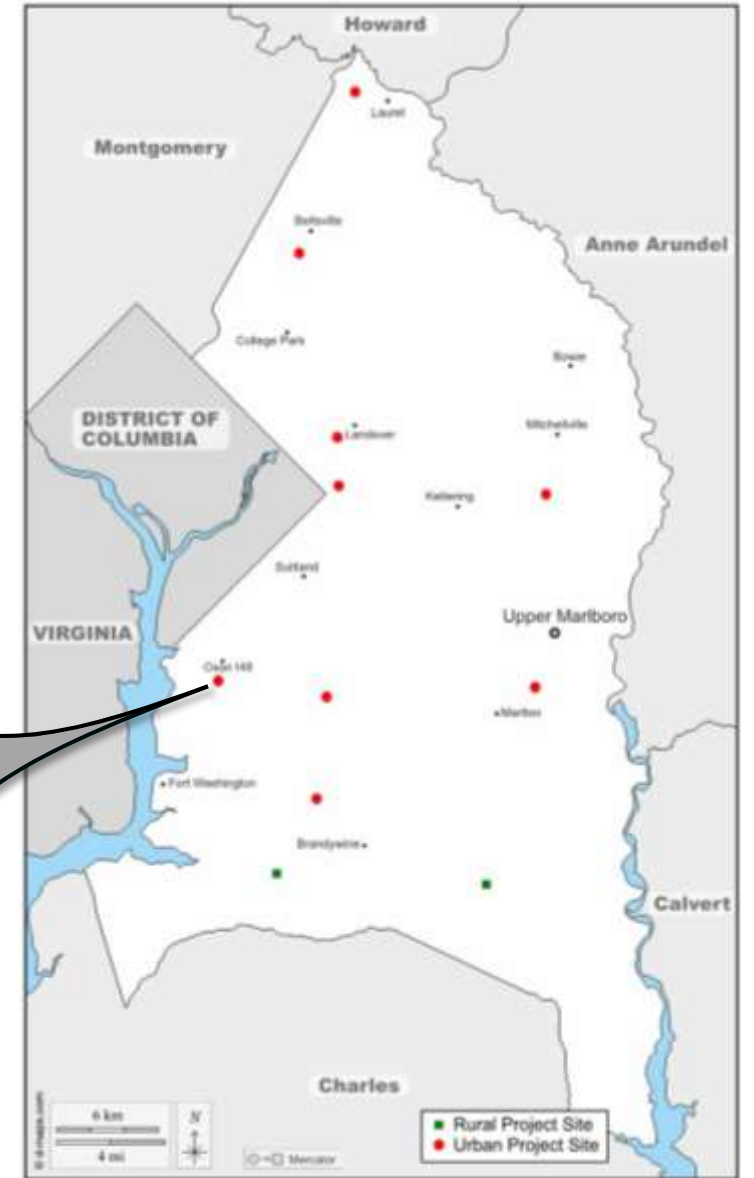

# Clean Water Partnership

- Twelve projects in Prince George's County, MD
- 38,900 linear feet
  - 1,025 Impervious Acre Credits

OUTFALL 563 IMPROVEMENTS PROJECT  
DOE CLEAN WATER PARTNERSHIP  
PRINCE GEORGE'S COUNTY, MARYLAND

AERIAL PHOTOGRAPH-PROJECT OVERVIEW

# Methodology

- Stable cross sections
- Field bankfull indicators
- Published regional curve data
- 80 cross sections
  - 42 rural
  - 38 urban

**Bankfull Regional Curves for Streams in the Non-Urban, Non-Tidal Coastal Plain Physiographic Province, Virginia and Maryland**

# Rural Projects

## **Black Swamp Creek**

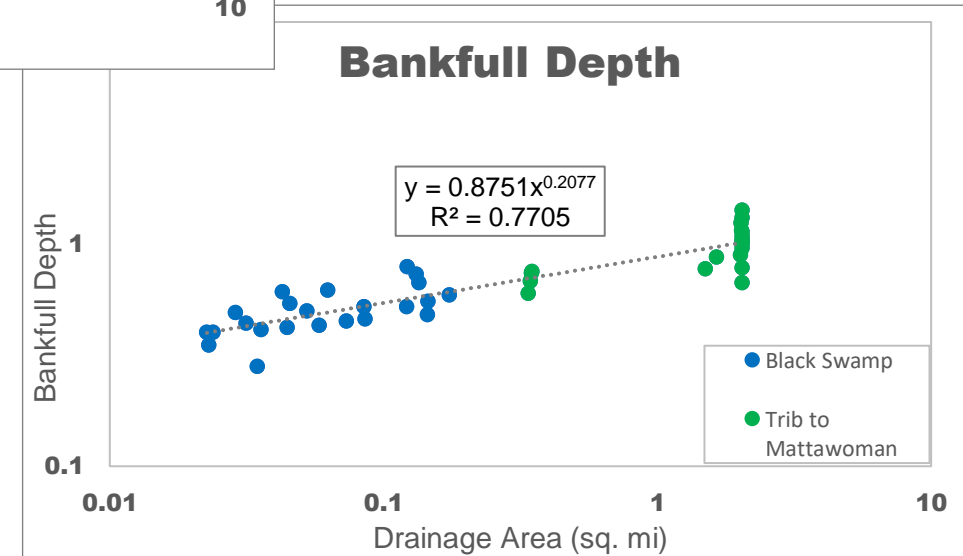

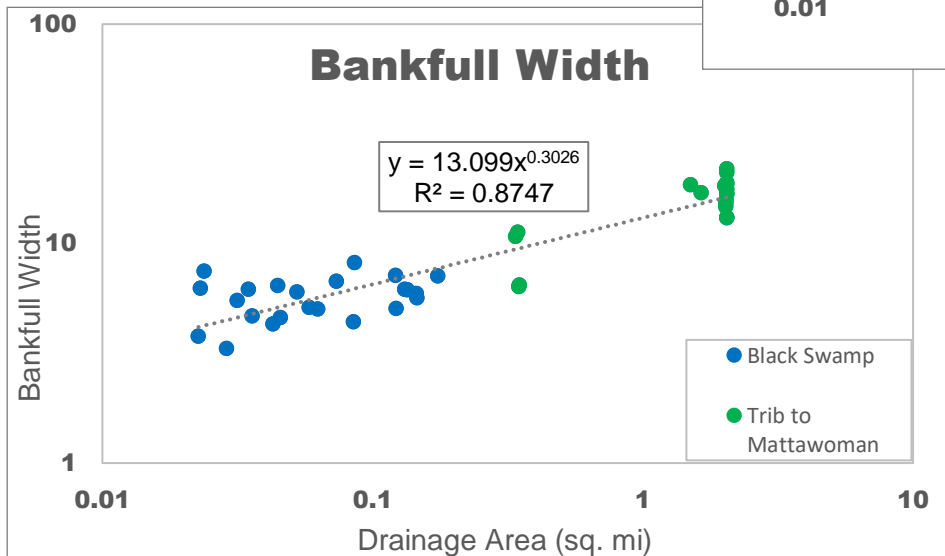

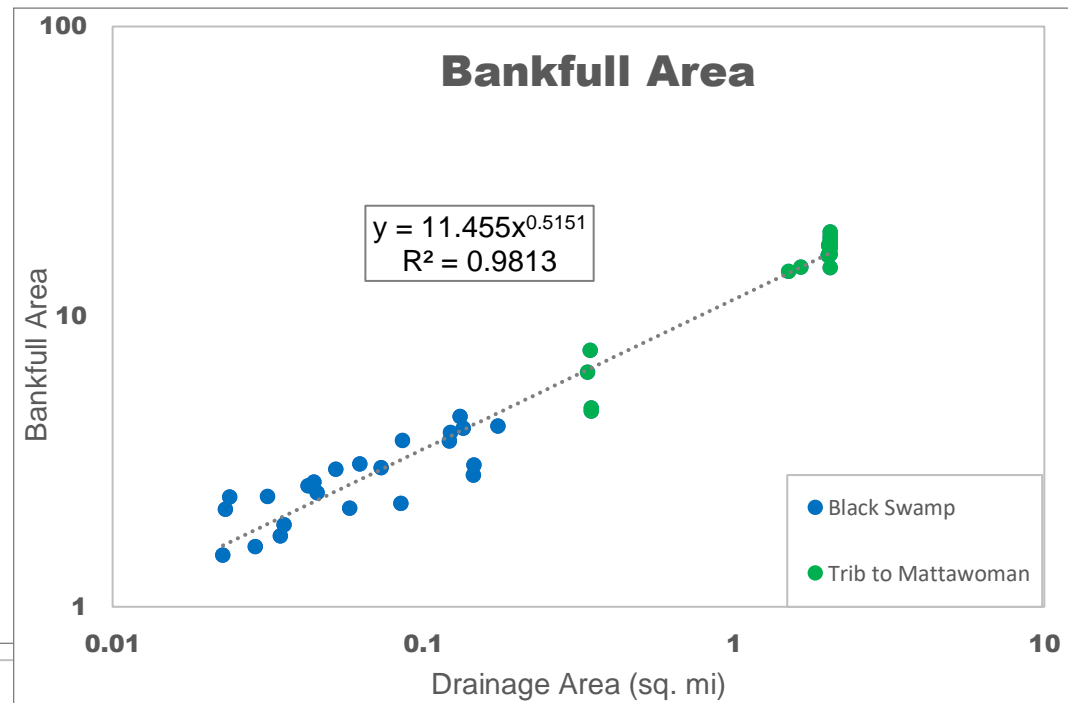

- 14,810 LF of Stream Restoration
- <5% Impervious Coverage

## **Tributary to Mattawoman**

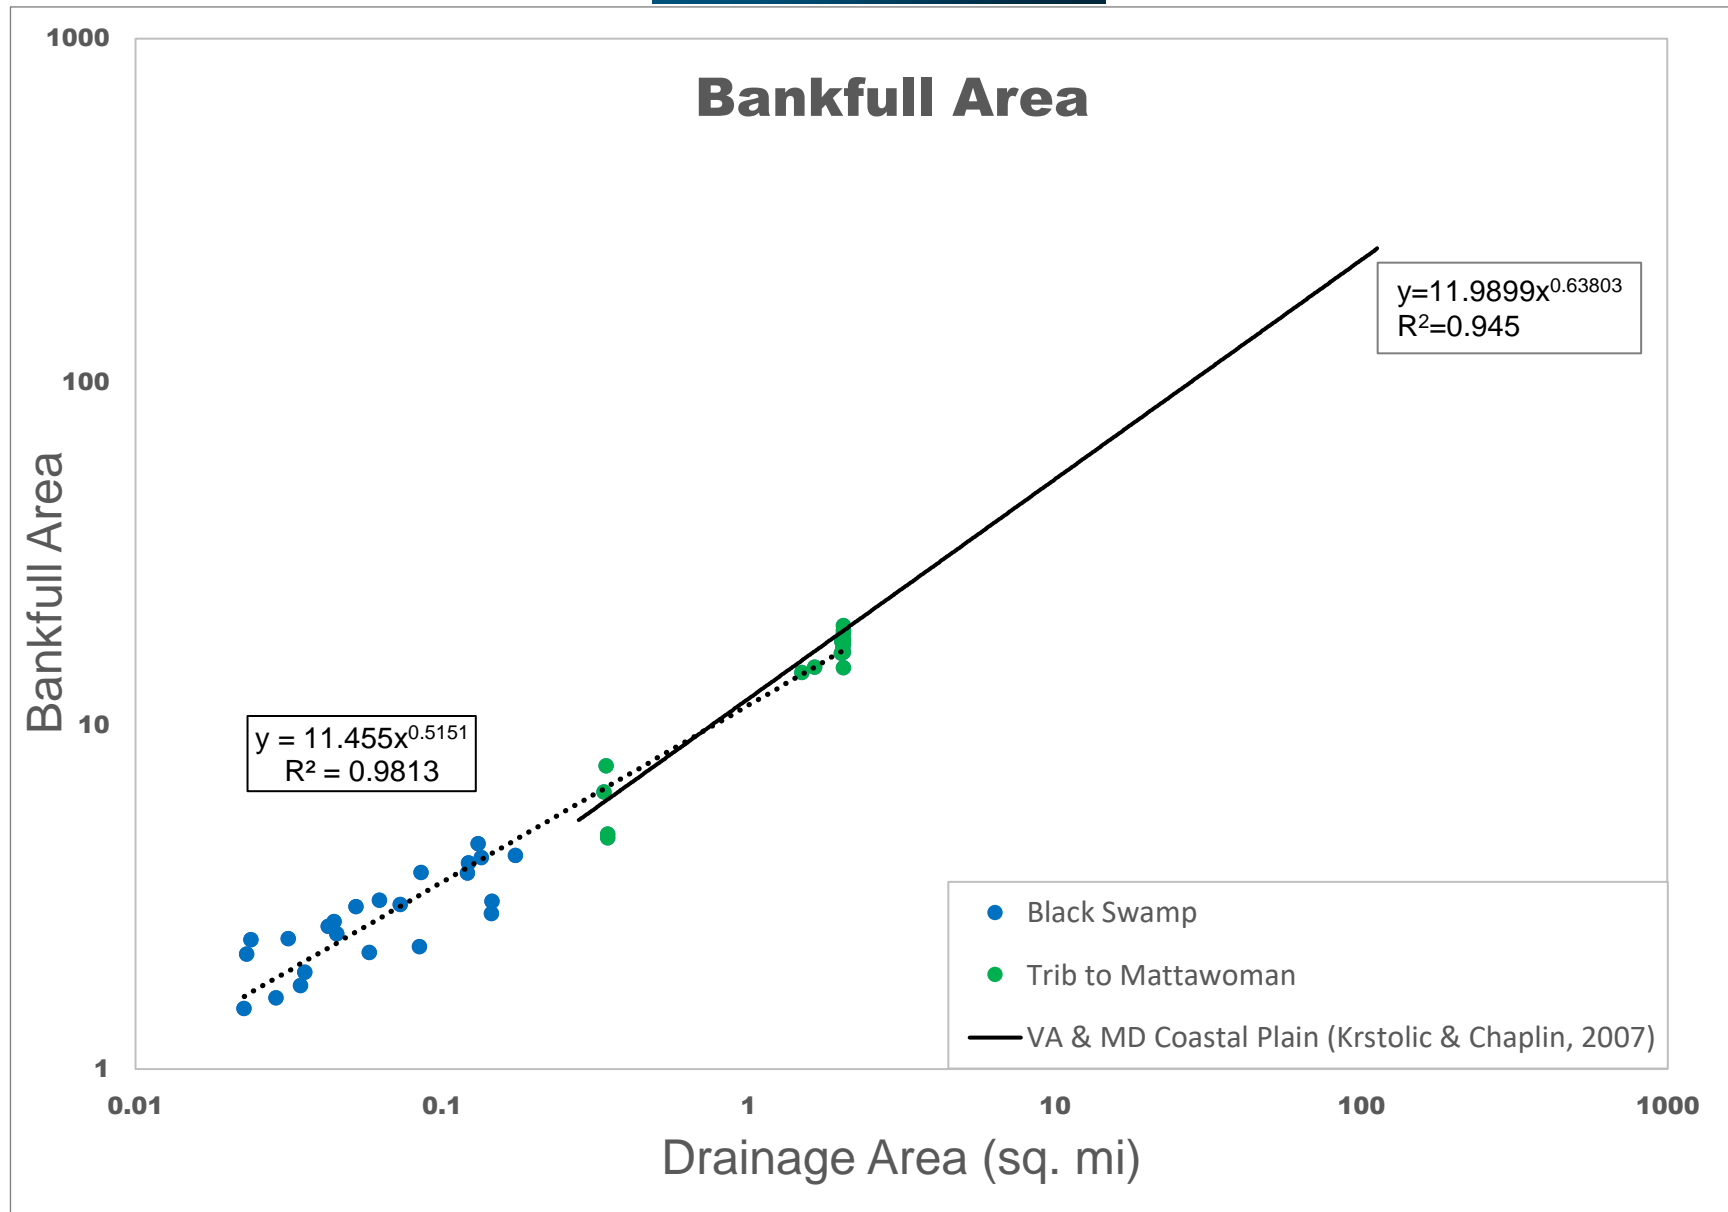

- 4,926 LF of Stream Restoration
- <5% Impervious Coverage

# Rural Projects: Sub-Regional Curve

n=42

# Rural Projects: Sub-Regional Curve

# Urban Projects

## Outfalls 563, 34, 66, & 166

- 1,586 LF of Total Stream Restoration
- 36%, 43%, 14%, & 32% Respective Impervious Coverage

## Watkins Park

- 2,046 LF of Stream Restoration
- 29% Impervious Coverage

## Crain Highway

- 4,695 LF of Stream Restoration
- 10-20% Impervious Coverage

# Urban Projects

## Walker Branch

- 2,152 LF of Stream Restoration
- 39% Impervious Coverage

## Pea Hill Branch

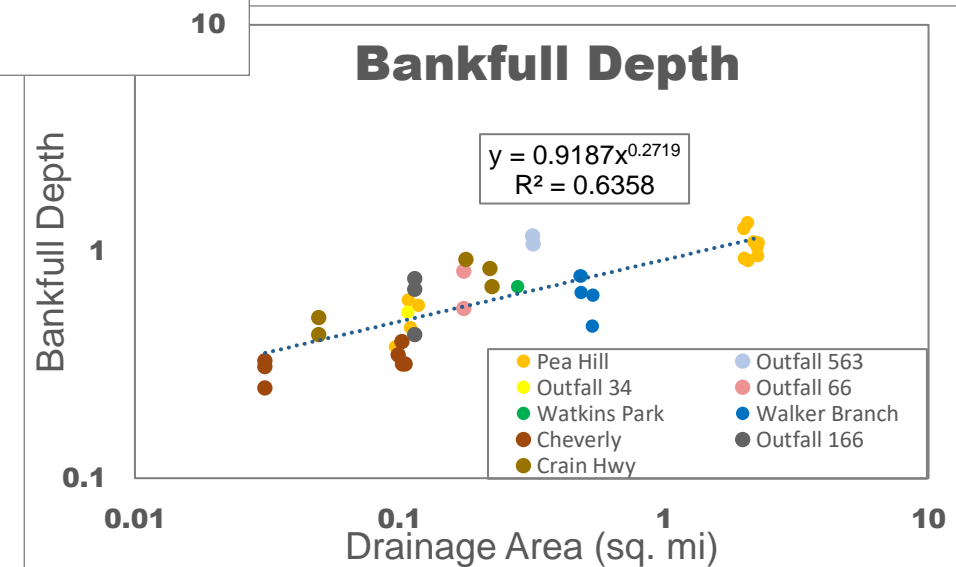

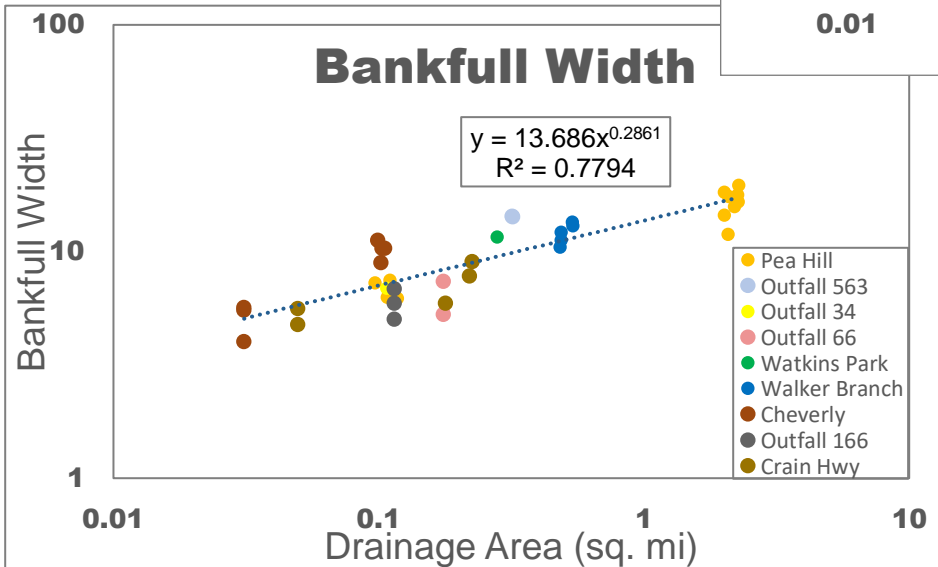

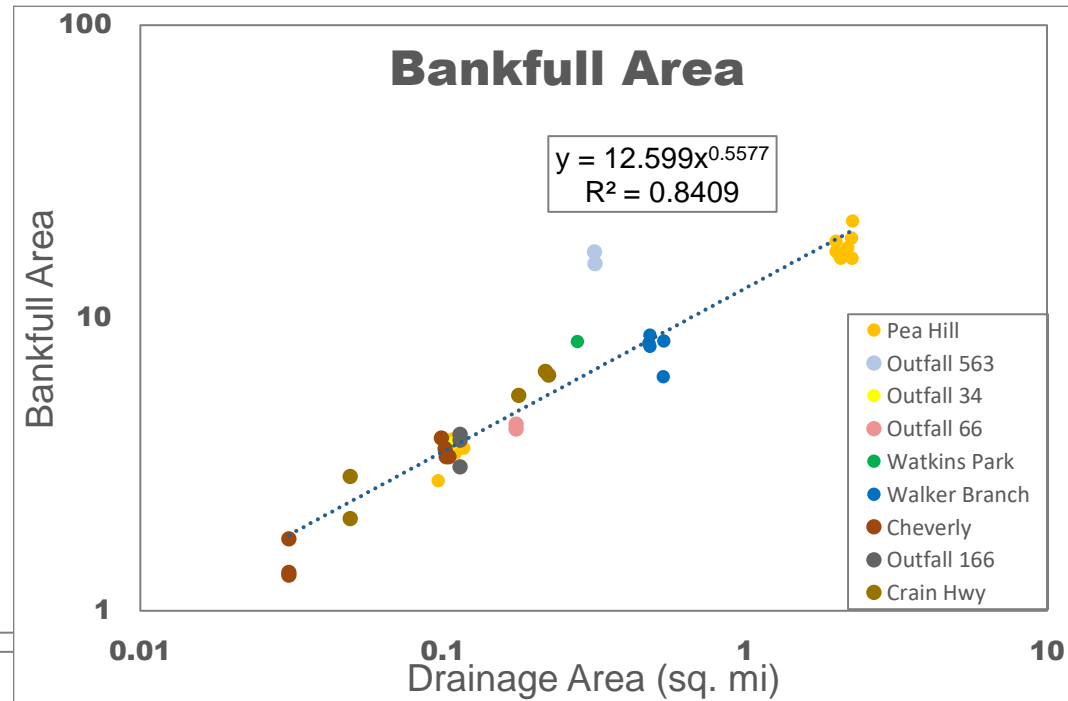

- 4,944 LF of Stream Restoration
- 43% Impervious Coverage

## Cheverly East Park

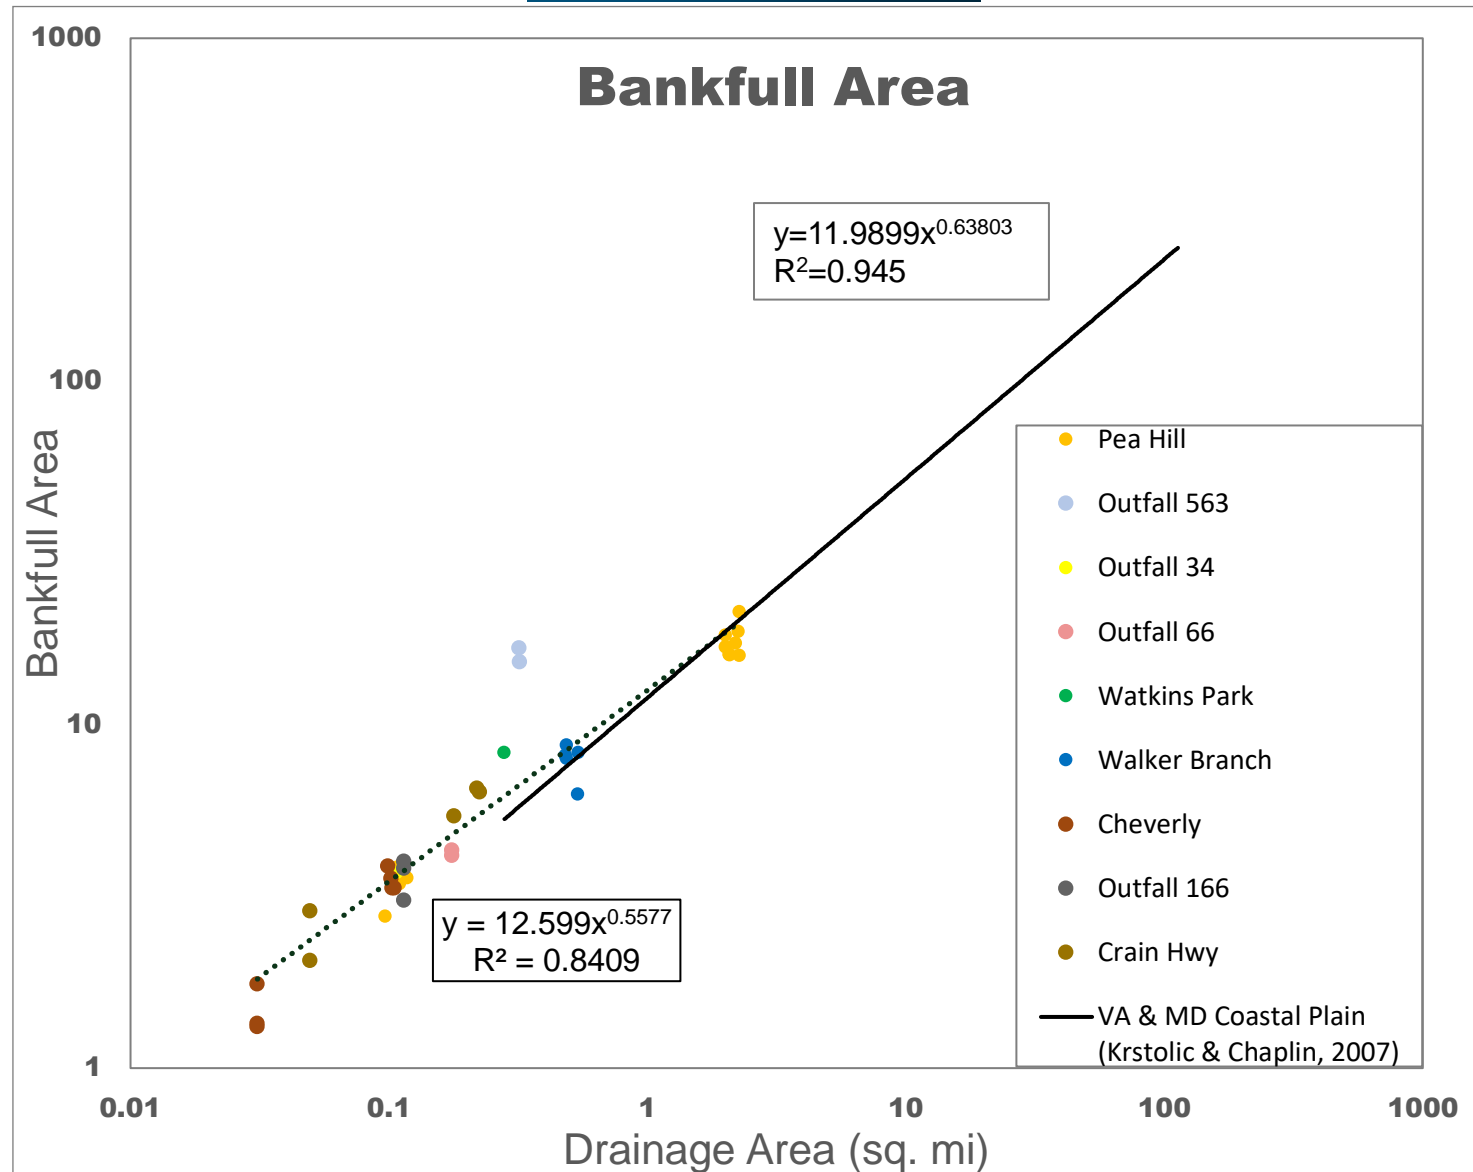

- 1,233 LF of Stream Restoration
- 33% Impervious Coverage

# Urban Projects: Sub-Regional Curve

n=38

# Urban Projects: Sub-Regional Curve

# Rural & Urban Projects: Sub-Regional Curve

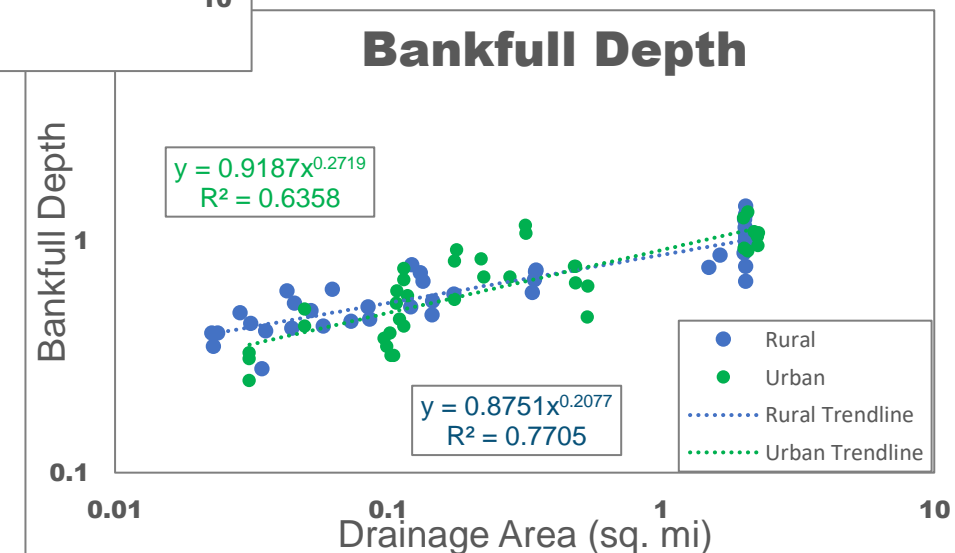

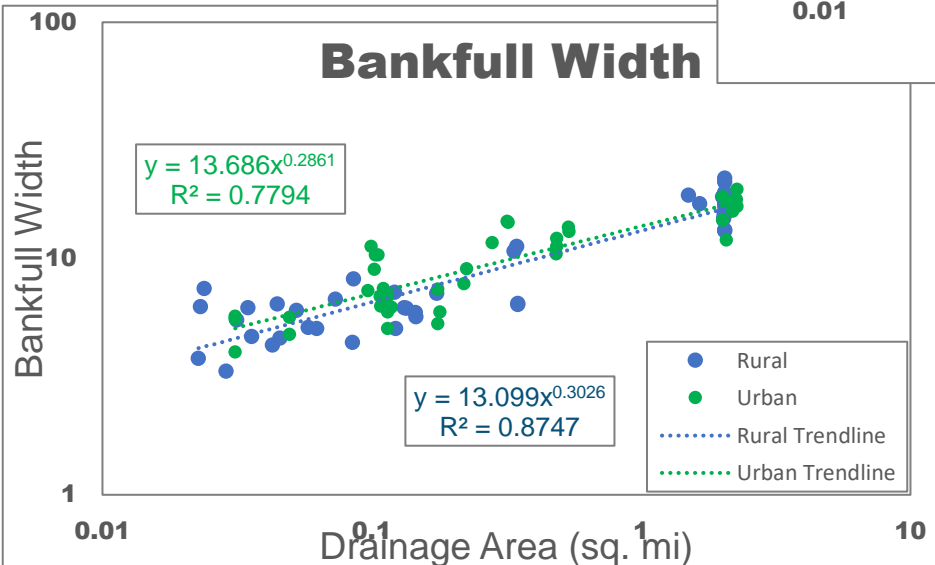

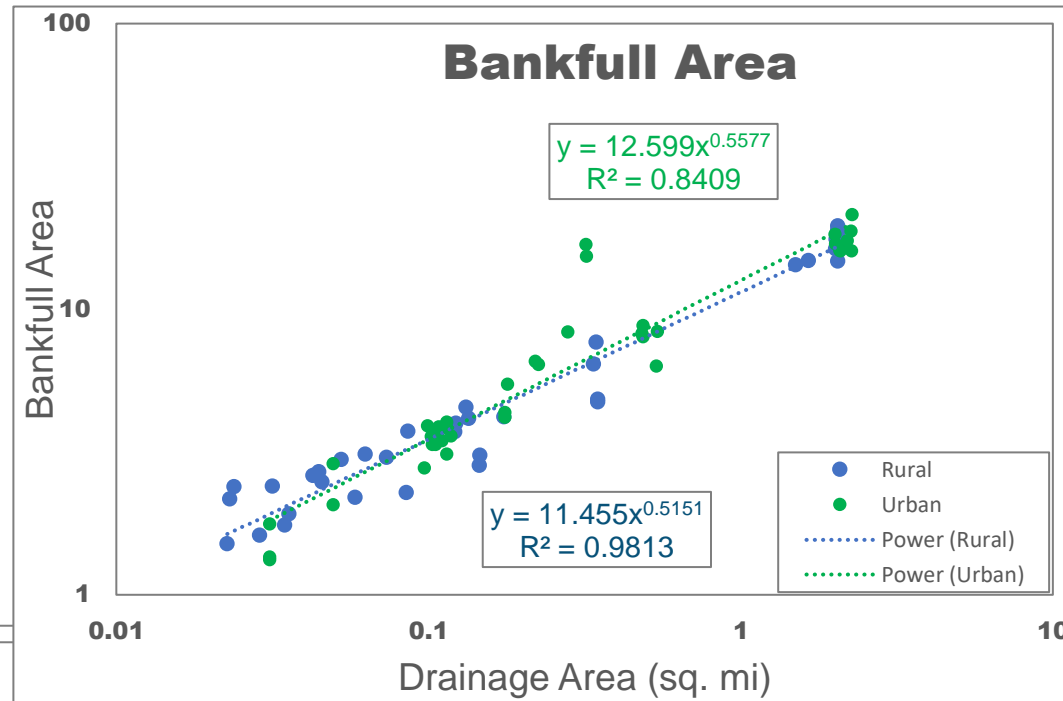

**URBAN PROJECT**  
OUTFALL 166 IMPROVEMENTS PLAN

AERIAL PHOTOGRAPH-PROJECT OVERVIEW

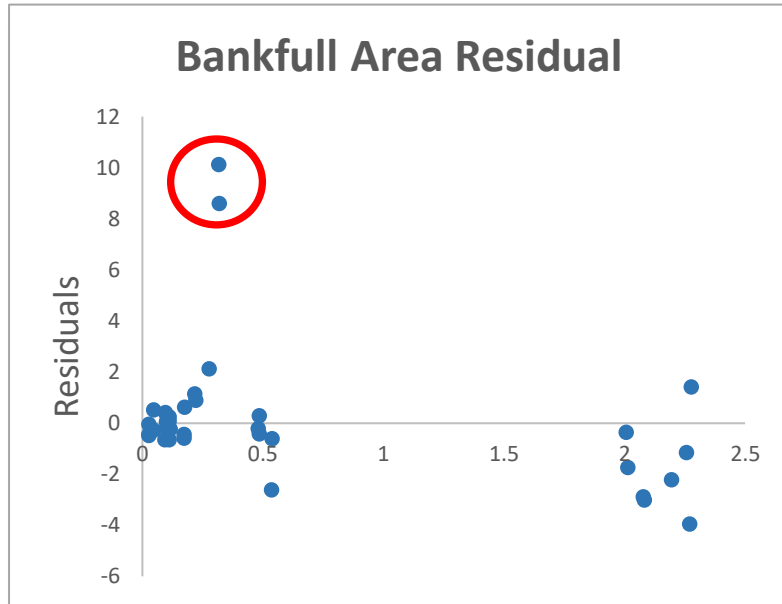

**RURAL PROJECT**  
TRIBUTARY TO MATTAWOMAN CREEK

# Urban Projects: Sub-Regional Curve

Harris County 12-09-08  
Regional Curve ( DAB)

# Summary & Next Steps

---

## Summary

- Subregional curve in agreement with published data
- Provided data in smaller watersheds
- Multiple geomorphic features
- Important design considerations

## Next Steps

- Additional data and analysis
- Design incorporation
- Monitoring Data
  - Feature Development

# Questions
